

# You're Invited

You are invited to attend a lecture, sponsored by the  
IUSB student chapter of the  
Association for Computing Machinery

**Speaker:**        **Dr. William Knight**  
Department of Computer and Information Sciences

**Topic:**         **Data Compression**  
“The idea of data compression is to take a long sequence  
of data values of some kind and compress the sequence  
by encoding its parts to produce a new, shorter data  
sequence from which the original sequence can be  
reconstructed” Dr. Knight

**Location?**        **Indiana University South Bend**  
Student Activity Center  
Room: 225, Second floor

**When?**            **March 6<sup>th</sup> 2002**  
Pizza from 3:30 to 4:30pm  
Dr. Knight will begin at 4:30pm

**The ACM will provide pizza, snacks and refreshments.**
